TABOO KIPLING AND LONDON SAYS BOY SCOUT LEADER

San Francisco, Nov. 24.—Lock up Kipling's "Barrack Room Ballads," hide Jack London's "Sea Wolf"—they're bad for the boys. So, at least, averred H. D. Cross, Pacific coast representative of the boy scouts.

But dust off Mark Twain's "Huckleberry Finn" and "Innocents Abroad"; trot out Henty's "With Clive in India"—they're great stuff for the lads. "Kipling and London," said Cross, "should be carefully weeded out of boys' libraries. They carry a flavor of adventure that inspires a youth with the idea to leave home and studies."

In fact, as a parting shot, Cross indicated Kipling and London as being in the same class with the "Nick Carter" dime thrillers.

Appreciated "We Should Worry"—It was a large and appreciative audience that witnessed the production of "We Should Worry," under the auspices of the Moose band, at the opera house last night. The play was under the direction of C. J. McNaughtan, and was admirably staged and cast. That the many ludicrous situations developed during the course of the play were appreciated was evidenced by the hearty response of the audience. The specialties put on between acts were also of a high class and were most amusing and entertaining. With the excellent attendance, it is believed that the band cleared a sum that will go a good way toward the purchase of the uniforms it needs to bring its appearance up to the character of its production of harmony. There has been some discussion toward having a repetition of the play as many who failed to see it last night wish to go, and it is a show that will bear seeing the second time.

Library Closed Tomorrow—The public library will be closed all day tomorrow, Thanksgiving day.

Football at Central Point

The High School football team will go to Central Point tomorrow and will celebrate turkey day upon the gridiron. The Central Point team recently played a team composed of former stars of the game, but the latter proved too heavy and the score was too much one sided to class the game as sport. It is thought that the high school eleven, with its lighter players, will be a more even match for the Jackson county players.

When the last course was served, the hostess asked each guest to pull one of the yellow ribbons fastened to the basket. At the end of each ribbon was a small ring and a card bearing the names of Miss Churchill and Mr. Brown.

ONE BANDIT AND POLICE OFFICER ARE SHOT IN BATTLE

San Francisco, Nov. 24.—Following a daring raid on the Claremont cafe at the outskirts of the city, and running gun fight which lasted for a score of blocks, at 1 a. m., police today are scouring the city and adjacent country for three highwaymen. One of the bandits, James Ross and Police Corporal Fred Cook were seriously wounded in the exchange of shots. The highwaymen entered the bar room of the cafe and after commanding Ed Schiff, one of the proprietors, and Tom Smith, bartender, to hold up their hands, rifled the cash register of about \$200.

Forcing the men to hold their hands above them, they ordered them into the main room, where were four guests, Ben Schiff, the other proprietor, Arthur Cunningham and Frank Berg, entertainers. Backing the frightened people against the wall, they took about \$500 in money and jewelry. While the attention of the bandits was attracted by the entrance of a man and a woman, Berg gave them the slip and summoned the police. As the woman sensed what was occurring she slipped her jewels into her mouth. Noticing Berg's absence the highwaymen dashed for their automobile and were just leaving as the posse raced up. Racing at a terrific speed, the police opened fire on the fleeing quartet, attempting to hit the tires. Dashing around the curve the bandits' car crashed into a wall. Ross, who had been struck by a police bullet and was standing on the running board, was pitched to the ground. The trio leaped out of the car and disappeared in the darkness.

Obedient.
"Well, my little man," queried the minister who was making a call, "do you always do as your mamma tells you?"
"You bet I do," answered the precocious five-year-old. "and so does papa."

ADMIRAL WINSLOW SENT WITH SHIP TO MEXICAN COAST

(By United Press Leased Wire.)

Washington, Nov. 24.—The navy department today ordered Admiral Winslow with his flagship, the cruiser San Diego, to proceed to Topolobampo, on the west Mexican coast, to protect Americans and other foreigners threatened by Yaqui Indians.

The San Diego, now lying off the San Francisco exposition, carries 275 marines, and these are empowered to land if necessary to protect Americans. Winslow is invested with discretionary authority to act as he sees fit after arrival. Under the department's orders, Winslow should arrive at Topolobampo in six days.

The cruisers Annapolis, Raleigh and New Orleans are already in that vicinity, but carry only a small complement of marines.

Orders for the San Diego sailing followed vigorous pleas of American colonists to Congressman Mann, who visited Secretary Lansing and Secretary Daniels about the situation. Thus far no American lives have been lost as far as is known, though raids have been reported.

Seattle, Nov. 24.—Gilmour Dobie has offered his services as football coach to Wisconsin university, beginning with 1916, it became known here today through a dispatch from Madison, Wis. Dobie refused to discuss the matter and was in a huff because his private business had been given publicity.

"Dobie's contract still has a year to run; and I don't think the board of control would release him," said Graduate Manager Younger.

Dobie makes no secret of the fact he is dissatisfied here, because the public does not appreciate him. He says the people around Seattle have no "football spirit."

Students are displeased with schedules Dobie provides.

EVIDENCE FOR STATE IN SCHMIDT DYNAMITING CASE

Los Angeles, Nov. 24.—With the sensational testimony of Patrick Dugan before the jury, the prosecution in the M. A. Schmidt murder and dynamite trial today resumed the introduction of evidence intended to indicate that J. J. McNamara financed the alleged dynamite conspiracy, of which the blowing up of the Times building here was one result. Dugan started today for his home in Indianapolis. On the witness stand he repeated the testimony given by him in the Indianapolis dynamite conspiracy trials, alleging J. J. McNamara discussed dynamitings with him and offered to give him explosives for the jobs.
